SUBJECT: We'll tuck your garden in for the Winter...FREE

This winter, when you're warm inside and looking through your window at the clouds and chilling rain, wouldn't it be nice to know that the plants in your garden are as cozy as you are?

And before the first frost comes, wouldn't be nice to know that your bushes are covered and your trees wrapped up, as sheltered as you are from the ice and snow to come?

We can give you that assurance.

Our free "putting the garden to bed" service involves

- Mulching
- Weeding
- Dividing and moving perennials
- Planting cover crops to suppress weeds and control pests and diseases
- and of course, covering your bushes and wrapping your trees to keep them sheltered from the winter elements.

We do all of it for you...at no charge to you.

You've already experienced our regular, reliable lawn and garden care. It's the kind of professional service that for 37 years Green Leaf Lawncare, Inc. has provided to the greater Seattle area.

Now, see what we can do tuck your garden in for the Winter... and make it ready to bloom again in the Spring.

Call us at XXX-XXX-XXXX for your "putting the garden to bed" appointment.

Best wishes,

William Terrell

Greenleaf Lawncare, Inc.

P.S. We do the work...and it's free. For your appointment with one of our expert gardeners, just call XXX-XXX-XXXX
